

Range Unit	District	Season (months)	Acres	Permitted AUM	Number of Head	Allotments	Comments
RU 1	Inchelium	6.0	44,952	998	166	No	No Infrastructure, very mountainous forest land. Easy access into unit barring wash-outs. Access is Grizzly Trail Rd. and Hall Creek Rd.
RU 2	Keller	6.0	28,399	2103	350	No	No Infrastructure, very mountainous forest land. Easy access into unit barring wash-outs. Access is Twentyone Mile Creek Rd. and Seventeen Mile Tr. Borders Sandpoil River, so potential compliance problems.
RU 3	Keller	5.5	68,902	3281	596	Yes	Largest Range Unit acreage-wise, No infrastructure, very mountainous forest land. Access is Twentythree mile, keno trail, and upper Bridge Creek. Borders Sandpoil River so potential compliance problems.
RU 4	Nespelem	6.0	25,852	1667	277	Yes	Borders Forest Service land, Northern boundary fence completed 2017. one trough on east end of RU, very little fencing. Mountainous forest land. Access is Gold Lake Rd. to the south and West Fork Sandpoil to the North. Borders Hwy 21, so potential problems with cattle on Highway.
RU 5	Omak	6.5	57,673	4806	739	Yes	Large Range Unit, very well fenced at the south end. Boundary changes at the western boundary have decreased the acreage in this unit. Unit is mostly forest. Recent EQIP Project installed Corral, new fencing and a Watering Point at South end. Moses Meadows located in the middle of the unit. Borders Forest Service to the North. Northern boundary fence recently completed 2017. Access is Moses Meadow Rd. Future EQIP around Haden Creek to install more Water Developments.

<b>RU 6</b>	<b>Omak</b>	<b>7.0</b>	<b>15,137</b>	<b>1892</b>	<b>270</b>	<b>Yes</b>	Completely fenced at North end. Repairs to fence done in 2016-17. Unit is mostly forest land. Water Developments dispersed throughout Range Unit; four in the East and two in the West. No fence at South end of Range Unit. Access is Jim Creek Rd. and Camp Progress Rd.
<b>RU 8</b>	<b>Nespelem</b>	<b>7.0</b>	<b>28,742</b>	<b>1796</b>	<b>256</b>	<b>Yes</b>	No Infrastructure, very mountainous forest land. Easy access into unit barring wash-outs. Access is Stepstone Creek Rd. and Mill Creek Rd.
<b>RU 9</b>	<b>Keller</b>	<b>6.5</b>	<b>19,790</b>	<b>899</b>	<b>138</b>	<b>No</b>	No Infrastructure, very mountainous forest land. Unit has not be utilized in some time. Access is Anderson Creek Rd. and Nineteen Mile Creek Rd. Borders Hwy 21, So potential problems with cattle on highway.
<b>RU 10</b>	<b>Omak</b>	<b>7.0</b>	<b>14,810</b>	<b>1722</b>	<b>246</b>	<b>Yes</b>	Range Unit almost completely fenced. Unit is mostly forest. Two Pastures, North and South. Range Unit boundary changes have increased the acreage of this unit. Three Water Developments in the Northeast end of the unit and Watering points on Staploop Cr. Along Omak Mt. Lookout Rd. Corral was installed at the South end of the unit. Access is Omak Mt. Lookout Rd.
<b>RU 11</b>	<b>Inchelium</b>	<b>6.0</b>	<b>21,763</b>	<b>1036</b>	<b>172</b>	<b>Yes</b>	Range Unit has not been used in many years. No infrastrucutre, mountainous forest land. Access is Lynx Creek Rd.
<b>RU 12</b>	<b>Nespelem</b>	<b>6.0</b>	<b>20,828</b>	<b>497</b>	<b>82</b>	<b>No</b>	No Infrastructure, mountainous forest land. Access is Gold Lake Rd. to the East and BIA Rd. 62 to the West.
<b>RU 15</b>	<b>Nespelem</b>	<b>6.0</b>	<b>7,315</b>	<b>665</b>	<b>110</b>	<b>Yes</b>	Fencing around approximately 2/3 of Range Unit. Fencing was completed in 2016. Unit is mostly forest land. No Watering Points in Range Unit. Access is Peel Creek Rd.

<b>RU 16</b>	<b>Omak</b>	<b>6.0</b>	<b>12,761</b>	<b>797</b>	<b>132</b>	<b>No</b>	Range Unit approximately 40% fenced, most on the Northwest side. Most fence is Riparian Fence around Peel Cr. Fence along Northern Boundary of Range Unit may be in bad shape. Most of the other Fence around Range Unit installed/repared in 2016. Unit is mostly forest land. Most of the Watering Developments are concentrated at the North end of the Unit (14), with the rest at the south end of the unit (2). Access is Peel Creek Rd. in the South and Trail Creek Rd. in the North
<b>RU 17</b>	<b>Omak</b>	<b>7.0</b>	<b>19,043</b>	<b>1586</b>	<b>226</b>	<b>Yes</b>	Due to Boundary adjustments, Range Unit has decreased in acreage. Appoximately 1/3 of Range Unit is fenced, mostly by the CCT Fish and Wildlife Program. Fence on west side of unit was repaired/replaced in 2015, all other fence around unit needs to be looked at and possibly repaired, especially above the Berg Ranch. Unit is a mix of forest land and rangeland. Access is Summit Lake Rd. to the North and Coyote Creek Rd. to the South. There is a Large Population of Feral Horses on this Unit

<b>RU 18</b>	<b>Nespelem</b>	<b>7.0</b>	<b>29,780</b>	<b>2702</b>	<b>386</b>	<b>Yes</b>	Approximately 75% of Range Unit boundary is fenced. North boundary fence was Repaired in 2016, the South and West boundary fence above the Berg Ranch needs to be looked at and possibly repaired/replaced. Unit is a mix of forest and rangeland. There are 3 Watering Points at the East end of the Unit, Two at the West end of the unit, and two at the North end of the Unit. Problems have been ongoing around the ponds at the north end of the unit along Hwy 155, so it will be the Permittees duty to keep livestock out. Access is Mineral Ridge Rd. in the east, Lower Coyote Cr. in the south, and Coyote Cr. in the North. There is a large population of Feral Horses on this unit.
<b>RU 19</b>	<b>Keller</b>	<b>7.0</b>	<b>62,862</b>	<b>3928</b>	<b>561</b>	<b>Yes</b>	No infrastructure, very mountainous forest land. There is only one Water Development up Frosty Meadows Rd. Access is Copper Creek Rd. to the South, Louie Creek Rd. to the North, and Frosty Meadows Rd. runs right through the middle of the Range Unit. Borders Sandpoil River, so potential compliance problems.
<b>RU 21</b>	<b>Keller</b>	<b>7.0</b>	<b>26,102</b>	<b>1740</b>	<b>248</b>	<b>Yes</b>	Range Unit has decreased approximately 75% in acreage because of the Hellsgate Wildlife area. the Southern border is now Silver Creek. Unit is very mountainous forest land. This Range Unit has not been utilized in many years. There is no Infrastructure, except for a small amount of riparian fencing on the south end. Access is Silver Creek Rd., and Frosty Meadows Rd. runs through the Range Unit.

<b>RU 22</b>	<b>Omak</b>	<b>7.0</b>	<b>20,396</b>	<b>2549</b>	<b>364</b>	<b>Yes</b>	Acreage in this unit was increased and due to changes in the boundaries, it now borders Omak Lake. Very little fence on the unit except for a small portion along the Northern border and the Southern border, which will need to be repaired. Unit is a mix of forest land and rangeland. An EQIP project will be done in the future to install six new Water Developments, most in the Eastern Portion of the unit. Access is Jim Creek Rd. in the East and Omak Ridge Rd. in the West. There is a large population of Feral Horses on this unit.
<b>RU 26</b>	<b>Nespelem</b>	<b>7.0</b>	<b>9,018</b>	<b>2199</b>	<b>314</b>	<b>Yes</b>	The boundary of this range unit is almost completely fenced, however the fence is in need of repair. Large amount of interior fence in this Range Unit. If fences are repaired a good Pasture Rotation system can be achieved. Some of the boundary fence was looked at last year. This unit is a mix of forest and rangeland. This Range Unit will be reduced by approximately 2,000 acres in the Northeast portion in the future for a Sharptail Grouse Project being implemented by the CCT Fish and Wildlife Program. There is problem with Feral Horses on this Range Unit. Access is Buffalo Lake Rd. and Rebecca Lake Rd.
<b>RU 29</b>	<b>Nespelem</b>	<b>7.0</b>	<b>7,476</b>	<b>1699</b>	<b>242</b>	<b>Yes</b>	75-80% of the Range unit boundary is fenced, with a large amount of interior fencing. The fences were Repaired in 2012. this unit is mostly rangeland, with a small amount of forest There are five water developments on this unit, three of which are in the Southeast portion of the unit. The majority of the land on this range unit is owned by the Green's and the Tillman's. Access is BIA Rd. 1035.

<b>RU 30</b>	<b>Nespelem</b>	<b>7.0</b>	<b>13,709</b>	<b>1958</b>	<b>279</b>	<b>Yes</b>	Range Unit boundary is approximately 40-50 % fenced, with minimal interior fencing. The boundary fences will need to be gone over and the majority will need to be repair. There have been problems in the past with livestock on Cache Creek Rd. This unit is a mix of forest and rangeland. There are no Water Developments on this unit. This unit has a problem with Feral Horses. Access is BIA Rd. 74 and BIA Rd. 1032.
<b>RU 31</b>	<b>Omak</b>	<b>7.0</b>	<b>12,119</b>	<b>2203</b>	<b>314</b>	<b>Yes</b>	Approximately 1/3 of the boundary of this Range Unit is fenced, with some interior fencing that was completed in 2017. the unit borders the Forest Service, and the Reservation boundary fence was completed in 2017. This unit is a mix of forest and rangeland. There are five watering points on this unit, two in the South, two in the East, and one in the North. Access is Omak Mountain Rd.
<b>RU 32</b>	<b>Nespelem</b>	<b>7.0</b>	<b>3,272</b>	<b>681</b>	<b>97</b>	<b>Yes</b>	This Range Unit is just east of the Government Center. It borders Cache Creek Cutoff Rd. and is approximately 75-80 % fenced. The fence is down in spots and will need to be repaired. This unit is mostly rangeland with a small amount of forest. There are no Water Developments on the unit. Access are roads off Cache Creek Cutoff Rd.
<b>RU 35</b>	<b>Nespelem</b>	<b>7.0</b>	<b>10,586</b>	<b>1340</b>	<b>191</b>	<b>Yes</b>	Range Unit boundary is approximately 50% fenced, with interior fence that creates three pastures. Both boundary fence and interior fence need to be gone over and repaired. This unit is mostly rangeland. There are two Water Developments, one in the South and one in the North. Access is Soap lake Rd.

<b>RU 36</b>	<b>Omak</b>	<b>7.0</b>	<b>3,118</b>	<b>253</b>	<b>36</b>	<b>Yes</b>	No infrastructure except for boundary fence that runs along Columbia River Rd. Very rocky with limited access to unit.
<b>RU 36A</b>	<b>Omak</b>	<b>2.0</b>	<b>1,308</b>	<b>129</b>	<b>64</b>	<b>Yes</b>	No infrastructure except for boundary fence that runs along Columbia River Rd. and a small amount on the north boundary of the unit. Very rocky with limited access.
<b>RU 39</b>	<b>Nespelem</b>	<b>7.0</b>	<b>2,937</b>	<b>315</b>	<b>45</b>	<b>Yes</b>	Range unit boundary is fenced on three sides with the forth side bordering the Columbia river. This unit is mostly rangeland. Interior fence has been put up to create three pastures, with a Water Development in each pasture. The Fences were Repaired in 2015.
